

# LIGHT & HORN COMBINATIONS MODEL SLH

- Large Size Light and Horn Mount
- Shatter-Resistant Lens
- Available in Variety of Colors

## LIGHT & HORN COMBINATIONS – MODEL SLH

Model SLH is a large size, pipe or surface mount light and horn combination (6<sup>15/16</sup>" high x 5<sup>1/8</sup>" wide) with a medium screw socket for 120VAC 60 watt max A19 bulb.

### FEATURES

- Shatter-resistant UV stabilized polycarbonate lens for strength and durability
- Cast aluminum base with a 1/2" threaded hole in bottom for conduit
- Mounting gasket for dust and moisture resistance
- Socket supplied with wire leads
- Lens available in amber, blue, clear, green or red
- Horn emits attention-getting continuous sound
- Optional electronic flasher, thermal flasher, or strobe flasher (Model SLHZ)

### APPLICATIONS

Model SLH is ideally suited for applications where sight and sound signals are required:

- **Material Handling** conveyor systems, processing control, machinery and equipment operation notification
- **Manufacturing Facilities** audible and visual signal alerts personel for caution areas or evacuation notification
- **Industrial** where high noise and high activity areas require immediate attention
