

SIDE MOUNT-MODEL SLAM

SIDE MOUNT-MODEL SLAM

Model SLAM is a heavy duty 8¹/₄" overall height with a round junction box cover plate attached to the casting for mounting on a standard octagon electrical box. The lamp socket is a medium screw base for 120VAC and 30, 40, or 60 watt clear lamps.

FEATURES

- Shatter-resistant UV stabilized polycarbonate lens for strength and durability
- Lens can be mounted either up or down
- Lens available in amber, blue, clear, green, or red
- Cast aluminum base
- Gasket for dust and moisture resistance
- Optional electronic flasher or thermal flasher

APPLICATIONS

Used for the following applications:

- **Industrial** wherever high noise levels and high activity areas require immediate attention
- **Manufacturing Facilities** steel mills, foundries, chemical plants and machine shops
- **Equipment Process Supervision** pressure and temperature supervision, power interruption, process heating failure and fluid level control
