

SIDE MOUNT-MODEL SLAMX

SIDE MOUNT-MODEL SLAMX

Model SLAMX is a heavy duty 8¹/₄" overall height with a 7¹/₄" side projection. Unit designed with a standard round electrical junction box attached for easy surface mount installation and conduit entry. The lamp socket is a medium screw base for 120VAC, and 30, 40, or 60 watt clear lamps.

FEATURES

- Shatter-resistant UV stabilized polycarbonate lens for strength and durability
- Lens can be mounted either up or down
- Lens available in amber, blue, clear, green, or red
- Cast aluminum base
- Gasket for dust and moisture resistance
- Optional electronic flasher or thermal flasher

APPLICATIONS

Visual communications utilized as follows:

- **Industrial** visual communications on material fluid and levels, and power for equipment operations
- **Manufacturing Facilities** machine shops, print houses and garment factories
- **Material Handling** conveyor systems, processing control, machinery and equipment operation notification
